We will be taking a small team to San Francisco to work with the Glide Memorial UMC, a
socially-active congregation in the heart of the Tenderloin District. Work will include
serving in the church’s soup kitchen, and other projects as determined by the congregation.

Participation in this spring break project requires mandatory attendance at the two
preliminary prep meetings, and a willingness to be flexible with arrangements and workload.

On this sheet, or a separate sheet of paper, answer the following questions:

1.) Your friends are headed to the beach for Spring Break, and want to know why you
aren’t coming with them. What is your response?

2.) Give an example of how you have dealt with a difficult or stressful situation.

3.) Give an example of a time you dealt with a culture other than your own.
